

SPARTAN BLADES

2024

...Knives with Intent...

Founded in 2008 within the historic confines of a pre-Civil War mule barn in the Sandhills of North Carolina, Spartan Blades has gained recognition as a distinguished manufacturer of high-end outdoor and military knives. Our mission is to create meticulously designed, expertly crafted knives that serve as reliable companions for individuals worldwide.

With an unwavering commitment to fostering unity and self-reliance among our global community, we forge “Knives with Intent” — purposefully designed for specific tasks and environments. The essence of our creations is grounded in the belief that a Spartan Blade is more than a tool; it is a dependable companion that empowers you to confront life’s adventures head-on and emerge victorious.

Every knife and component in our collection undergoes meticulous production processes and state-of-the-art manufacturing techniques. Our dedication lies in harmonizing the best of modern methodologies with the timeless touch of craftsmanship and a profound love for knives. From conceptualization to the finished blade, Spartan Blades ensures durability, creating knives that transcend generations and become cherished heirlooms. Not only a legacy of quality but also the unique narratives of those who wield them.

As we believe in delivering top-notch tools to our loyal customers, irrespective of their budget and specific needs, we offer knives in three distinct grades.

## ELITE GRADE PRO GRADE FIELD GRADE

“Our Elite Grade knives are expertly crafted in our North Carolina shop using only premium U.S. materials and craftsmen. Elite Grade knives are our highest grade of knife to include, small batch production, special editions, and customs.”

“Our Professional Grade knives are expertly designed and manufactured in the USA. Our production knives provide great value by utilizing high quality materials and American craftsmanship.”

“Our Field Grade knives are expertly designed and manufactured with global partners keeping affordability in mind. Our intent is to provide a dependable knife or tool for anyone regardless of budget.”

# SPARTAN BLADES

2010

Spartan achieved the “Knife Collaboration of the Year” accolade at the 2010 International BLADE Show, in collaboration with William W. Harsey Jr.

2014

Spartan secures the “Most Innovative American Design” award at the 2014 International BLADE Show.

2014

Spartan clinches the “Knife Collaboration of the Year” award at the 2014 International BLADE Show for the V-14 Dagger in partnership with Les George.

2016

Spartan secures the prestigious “American Made Knife of the Year” award at the 2016 International BLADE Show for the Spartan-Harsey Folder.

# TIMELINE

2017

Spartan secures the “American Made Knife of the Year” award for the second consecutive year at the 2017 International BLADE Show, this time with the Kranos folder.

2021

Spartan claims the title of “Imported Knife of the Year” at the 2021 International BLADE Show with the inaugural folding knife from their Bronze Class collection.

2023

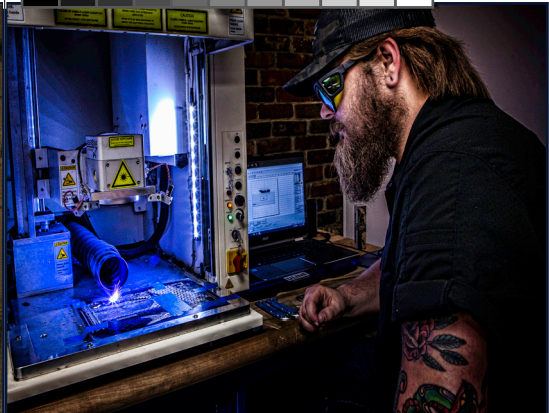

Spartan secures the Manufacturing Quality Award for its entire knife line at the 2023 International BLADE Show.

2024

Spartan secures the “Overall Knife of the year” Award at the 2024 International BLADE Show.

# Why we say "Knives with Intent"

The phrase "Knives with Intent" encapsulates our brand philosophy at Spartan Blades, and it's derived from these principles:

**Military Background and Mission Focus:** The brand was founded by Special Forces Soldiers, indicating a strong connection to the military. The phrase "Knives with Intent" suggests that each knife is crafted with a specific purpose or mission in mind, mirroring the sharp focus and intent that Special Forces Soldiers bring to their missions.

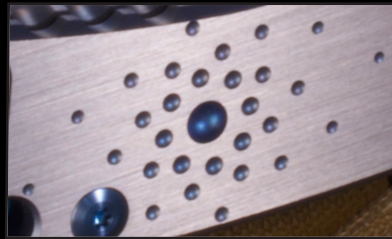

**Quality Materials:** The commitment to using the very best materials, including specially formulated particle steels, double deep cryogenic processing, double disc grinding, and honed titanium frames, reinforces the idea that these knives are not just tools but precision instruments. The phrase implies a deliberate choice of materials to fulfill a specific purpose.

**Commitment to Excellence:** The statement emphasizes a commitment to doing things right without taking shortcuts. "Knives with Intent" implies that there is a purposeful and meticulous approach to crafting each knife, ensuring that it meets the highest standards of quality and performance.

**Tools for Professionals:** Highlighting that the knives are tools meant for military, law enforcement, and outdoor professionals, the phrase "Knives with Intent" underscores the practical application and functionality of these tools in professional settings.

In summary, "Knives with Intent" serves as a succinct and powerful tagline that communicates our brand's dedication to purposeful design, high-quality materials, precision craftsmanship, and the use of knives as tools with a specific intent, rooted in our brand's military heritage.

## 2024 SPECIAL EDITIONS

Octaburst

Graffiti

Cruciform

Dot Matrix

Starting: \$550.00

### A Great Start!

The inception of each Special Edition begins with the Spartan-Harsey Folder, acclaimed as the recipient of the 2016 International BLADE Show "American Made Knife of the Year." William W. Harsey Jr.'s meticulous and thoughtful design serves as the ideal foundation for our Special Edition folders.

### Engraving

Utilizing advanced laser technology, every Special Edition folder undergoes in-house deep engraving. The designs are crafted in a CAD-based vector format, enabling us to capture intricate details with precision.

### A Splash of Color

Following the engraving process, titanium components undergo colorization through an electro anodizing procedure. Titanium anodizing forms an oxide layer on the surface, resulting in a stunning and vibrant appearance.

## Spartan-Harsey Folder

### Specifications:

**Designer:** William W. Harsey Jr.  
**Blade Length:** 4.25"  
**Overall Length:** 9.00"  
**Blade Thickness:** 0.154"  
**Blade Steel:** CPM MagnaCut  
**Blade Hardness:** 61-63 HRC  
**Blade Style:** Folding - Drop Point - Flat ground  
**Coating:** Stone washed or Black PVD  
**Frame:** Titanium in a stone washed or Black PVD finish  
**Fittings:** Titanium  
**Weight:** 5.9 oz.

## Authorized Spartan Blades Distributors

BLUE RIDGE KNIVES, INC.

**DAVIDSON'S**

America's Leading Shooting Sports Wholesaler

**BÖKER**  
S O L I N G E N

Dear Dealers and Store Owners,

Enhance your offering with Spartan Blades through our trusted distributors. The above Distributors carry our full line of Silver and Bronze grade products. Access a range of top-quality products known for their craftsmanship and reliability. Streamline your procurement process and focus on growing your business. Partner with Spartan Blades and our distributors for unparalleled satisfaction.

Sincerely,

Spartan Blades

On behalf of Pineland Cutlery, Inc, trading as Spartan Blades, we extend our deepest gratitude to each and every one of you for your unwavering support throughout the past several years. Your commitment to Pineland has been the cornerstone of our development, rapid growth, and success as a company.

We understand that the world offers a plethora of choices, and we genuinely appreciate that you have chosen to place your trust and confidence in Spartan Blades. We are dedicated to providing nothing less than the best for our customers. Our reputation is not built on mere spin but is a testament to the word-of-mouth recommendations and the satisfaction derived from using our blades.

To our loyal customers, we extend a heartfelt thank you. Your continued support has been instrumental in our journey, and we are honored to have you as part of our knife community. If you haven't yet experienced the craftsmanship of a Spartan Blade in your hand, we would be honored if you would consider it.

At Spartan Blades, we value your feedback and are committed to being of assistance whenever needed. Feel free to reach out to us at any time, whether for inquiries or simply to connect with our team.

Once again, thank you for being an integral part of our story. We look forward to serving you with the same dedication and passion that has defined Spartan Blades over the years.

Respectfully,

Pineland Cutlery, Inc  
dba Spartan Blades

# Not Just Knives!

# In Collaboration with

**Willaim W. Harsey Jr.**

William "Bill" Harsey Jr. stands as an esteemed collaborator with Spartan Blades, a partnership that has endured since the company's inception. His distinguished reputation in the realm of knife design is rooted in the global recognition of his creations, celebrated for their clean and functional designs. Harsey's knives are not merely tools but embody a perfect blend of form and function, making them highly sought after by soldiers worldwide. With a career marked by precision and innovation, Bill Harsey's enduring collaboration with Spartan Blades attests to his enduring impact on the world of edged tools, where his designs continue to serve the practical needs of military professionals and enthusiasts alike.

**Ondřej Němec**

Ondrej Nemeč stands out as a preeminent designer recognized throughout Europe for his exceptional craftsmanship and innovative contributions to the world of knives. As the principal founder of ANV Knives in the Czech Republic, Ondrej has played a pivotal role in establishing the brand as a symbol of quality and ingenuity. His designs are garnering widespread acclaim for their dual virtues of beauty and rugged functionality, quickly gaining a reputation for being knives that seamlessly blend aesthetic appeal with readiness for tough, practical use. Ondrej Nemeč's dedication to creating knives that transcend mere adornment underscores his commitment to producing tools that can withstand the rigors of real-world challenges.

"Alone we can do so little, together we can do so much."

## Les George

Les George, a former Marine, has carved out a distinguished legacy as a prolific knife designer, renowned for his pragmatic and no-nonsense approach to crafting edged tools. His expertise shines through in a collection of knives that frequently stand as improvements on historical military fighting tools. Particularly acclaimed for his dagger designs, Les George's creations transcend tradition, embodying innovation, and functionality. In addition to his mastery of daggers, he extends his design prowess to various folding knives, emphasizing toughness and durability. Les George's commitment to excellence, forged through his military background, permeates his work, making his knives a trusted choice for those seeking reliability and performance in challenging environments.

## Tu Lam

Tu Lam, a former Special Forces teammate of the founders of Spartan Blades, stands as a multifaceted force in the realms of military expertise and edged tool design. As the owner of Ronin Tactics, Tu Lam has not only showcased his prowess as a world-class hand-to-hand combat expert but has also established himself as a proficient shooter, coach, and life coach. His designs exemplify a commitment to efficiency, characterized by clean lines and purposeful features. Tu Lam's blades seamlessly blend his extensive knowledge in special operations with a keen understanding of the practical needs of military and law enforcement professionals. Through his various roles and skills, Tu Lam continues to make significant contributions to the fields of martial arts, firearms training, and edged tool design.
